06	Other Animal Care Equipment	7	25
07	Pet Grooming & Coat Care	30	27
08	Teat & Dairy Instruments	11	35
09	Veterinary Dentistry	30	38
10	Veterinary Surgery & Clinical Equipment	40	46
11	Identification & Marking	5	56

Ordering: send the VET code, quantity, required dimensions and delivery destination. Source-listed dimensions describe available reference patterns; confirm the exact configuration and supply details with your quotation.

Images illustrate selected patterns. Some photos have been cleaned with AI assistance. Dimensions and supplied components should be confirmed before ordering. No prices are included.

ANIMAL HANDLING & RESTRAINT

Animal Handling & Restraint

16 selected listings | 1-4

VET-0002

Anti Cow Kicker Chain

A linked fettering chain with shaped end hooks for cattle handling equipment. Its chain-and-hook construction provides a compact alternative to a rigid bar pattern.
Size and configuration: confirm with enquiry.

VET-0003

Anti Kick Bar

An adjustable anti-kick bar with a curved frame, capped ends and push-button adjustment. The telescopic construction allows the bar length to be set for the required fit.
Size and configuration: confirm with enquiry.

VET-0004

Anti Kick Bar Kick Stop Cow Immobilizer

A mechanical restraint for livestock handling, offered in the illustrated pattern. Specify the adjustment style and required fit with your enquiry.
Size and configuration: confirm with enquiry.

VET-0009

Anti Kick Device

A compact C-frame restraint with a threaded spindle and ring handle. Screw adjustment moves the contact end within the frame for controlled mechanical positioning.
Size and configuration: confirm with enquiry.

ANIMAL HANDLING & RESTRAINT

Animal Handling & Restraint

16 selected listings | 5-8

VET-0072

Cattle Twitch

A long-handled cattle twitch with shaped jaws and coated grips. The extended handle arrangement distinguishes this pattern in the livestock handling range.

Size and configuration: confirm with enquiry.

VET-0073

Cattle Twitch

A cattle twitch with nylon-coated handles for grip. The long shaft and shaped contact end provide a distinct handling-tool configuration.

Size and configuration: confirm with enquiry.

VET-0077

Dog Muzzle A-B

An animal handling accessory in the illustrated construction. Specify the required fit, fastening arrangement and size with your enquiry.

Size and configuration: confirm with enquiry.

VET-0090

Kick Stop-Cow Immobilizer

A mechanical restraint for livestock handling, offered in the illustrated pattern. Specify the adjustment style and required fit with your enquiry.

Size and configuration: confirm with enquiry.

ANIMAL HANDLING & RESTRAINT

Animal Handling & Restraint

16 selected listings | 9-12

VET-0093

Leather Dog Collar Center Ring

An animal handling accessory in the illustrated construction. Specify the required fit, fastening arrangement and size with your enquiry.

Size and configuration: confirm with enquiry.

VET-0097

Milk Sucking Preventor Calf Weaner Metal

A calf-weaning accessory designed to discourage suckling.

Confirm the attachment pattern and fit before ordering.

Size and configuration: confirm with enquiry.

VET-0098

Milk Sucking Preventor Calf Weaner Metal

A calf-weaning accessory designed to discourage suckling.

Confirm the attachment pattern and fit before ordering.

Size and configuration: confirm with enquiry.

VET-0126

Premium Hog Holder With Log

A manual handling aid for animal positioning. The illustrated handle and contact-end configuration identify this pattern within the handling range.

Size and configuration: confirm with enquiry.

ANIMAL HANDLING & RESTRAINT

Animal Handling & Restraint

16 selected listings | 13-16

VET-0129

Scott leather couple

An animal handling accessory in the illustrated construction. Specify the required fit, fastening arrangement and size with your enquiry.

Size and configuration: confirm with enquiry.

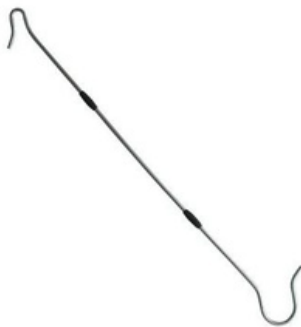

VET-0132

Shepherds Crook Leg Model

A shepherd's crook with a leg-catching head. The slender shaft and shaped hook provide a manual handling accessory for sheep-care equipment.

Size and configuration: confirm with enquiry.

VET-0134

Shepherds Crook Neck & Leg Model

A shepherd's crook combining neck and leg handling functions in one head pattern. Confirm shaft length and head dimensions with your enquiry.

Size and configuration: confirm with enquiry.

VET-0141

Wire Noose Pig Holder

A wire-noose pig holder with a metal handle and ring arrangement. The illustrated loop and grip identify the selected manual restraint pattern.

Size and configuration: confirm with enquiry.

DEHORNING & LIVESTOCK TOOLS

Dehorning & Livestock Tools

15 selected listings | 1-4

VET-0223
Barne Dehorner

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Size and configuration: confirm with enquiry.

VET-0224
Cattle Offset Marking Scissors

A clinical cutting instrument in the illustrated blade pattern. Specify length, blade curvature and tip configuration.
Size and configuration: confirm with enquiry.

VET-0225
Dehorner Wooden Handle

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Size and configuration: confirm with enquiry.

VET-0228
Dehorner

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

DEHORNING & LIVESTOCK TOOLS

Dehorning & Livestock Tools

15 selected listings | 5-8

VET-0229

Dehorners

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

VET-0230

Dehorners

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

VET-0231

Dehorners

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

VET-0232

Dehorners

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

DEHORNING & LIVESTOCK TOOLS

Dehorning & Livestock Tools

15 selected listings | 9-12

VET-0233
Dehorners

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

VET-0234
Dehorners

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Source-listed dimensions: 8cm

VET-0235
Dehorners Bent Metal Handle

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Size and configuration: confirm with enquiry.

VET-0237
Dehorners Metal Handle

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Size and configuration: confirm with enquiry.

DEHORNING & LIVESTOCK TOOLS

Dehorning & Livestock Tools

15 selected listings | 13-15

VET-0238
Dehorners Metal Handle

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Size and configuration: confirm with enquiry.

VET-0239
Dehorners Metal Handle

A manually operated livestock dehorning tool. The handle and cutting-head configuration distinguish this pattern within the range.
Size and configuration: confirm with enquiry.

VET-0244
Adjustable Pig-Staple Applicator

An aluminium pig-staple applicator with an adjustment screw. The shaped jaws and handle mechanism identify this manual livestock-tool pattern.
Size and configuration: confirm with enquiry.

EQUESTRIAN TACK & ACCESSORIES

Equestrian Tack & Accessories

19 selected listings | 1-4

VET-0313

Arctic Quilt Blankets

A horse covering for stable and equestrian equipment ranges. Specify the required body length, closure arrangement and fabric specification.

Size and configuration: confirm with enquiry.

VET-0346

Carbon Steel Spurs with Powder Coating

An equestrian accessory in the illustrated pattern. Specify size and configuration so the correct matching item can be quoted.

Size and configuration: confirm with enquiry.

VET-0372

Miniature Cleaver Keyring

A miniature cleaver-shaped keyring accessory with an attachment ring. This small accessory is retained as an enquiry item alongside the equestrian range.

Size and configuration: confirm with enquiry.

VET-0415

Girths

An equestrian girth for saddle equipment. Specify the required length, fastening details and illustrated construction.

Size and configuration: confirm with enquiry.

EQUESTRIAN TACK & ACCESSORIES

Equestrian Tack & Accessories

19 selected listings | 5-8

VET-0417

Girths

An equestrian girth for saddle equipment. Specify the required length, fastening details and illustrated construction. Size and configuration: confirm with enquiry.

VET-0479

Horse boots

Protective horse-leg boots in the illustrated pattern. Request the required size, fastening arrangement and pair configuration. Size and configuration: confirm with enquiry.

VET-0485

Horse Shoeing Tool Kits

A coordinated instrument set in the illustrated configuration. Confirm the included components and supplied case or holder with your enquiry. Size and configuration: confirm with enquiry.

VET-0501

Lead ropes & tie ropes

A rope accessory for equestrian leading and tying equipment. Specify the required length and attachment arrangement. Size and configuration: confirm with enquiry.

EQUESTRIAN TACK & ACCESSORIES

Equestrian Tack & Accessories

19 selected listings | 9-12

VET-0503

Leather Bridle

An animal handling accessory in the illustrated construction. Specify the required fit, fastening arrangement and size with your enquiry.
Size and configuration: confirm with enquiry.

VET-0517

Leather halter with brass rings

An animal handling accessory in the illustrated construction. Specify the required fit, fastening arrangement and size with your enquiry.
Size and configuration: confirm with enquiry.

VET-0519

Leather Neoprene Gloves

An equestrian accessory for the riding or horse-care kit. Confirm fit, dimensions and supplied quantity.
Size and configuration: confirm with enquiry.

VET-0529

Polo Wraps Track Bandages

An equestrian accessory for the riding or horse-care kit. Confirm fit, dimensions and supplied quantity.
Size and configuration: confirm with enquiry.

EQUESTRIAN TACK & ACCESSORIES

Equestrian Tack & Accessories

19 selected listings | 13-16

VET-0561

Striped Fleece Horse Rug

A fleece horse rug with a striped outer appearance and fastening straps. Specify body length, closure requirements and preferred colour arrangement for quotation.
Size and configuration: confirm with enquiry.

VET-0592

Saddle pads

A padded layer for equestrian saddle equipment. Specify the required outline, dimensions and finish.
Size and configuration: confirm with enquiry.

VET-0597

Saddles

An equestrian saddle in the illustrated style. Confirm the required seat size, fit and construction before ordering.
Size and configuration: confirm with enquiry.

VET-0643

Full-Cheek Snaffle Bit - Pattern A

An equestrian accessory in the illustrated pattern. Specify size and configuration so the correct matching item can be quoted.
Size and configuration: confirm with enquiry.

EQUESTRIAN TACK & ACCESSORIES

Equestrian Tack & Accessories

19 selected listings | 17-19

VET-0644
Full-Cheek Snaffle Bit - Pattern B

An equestrian accessory in the illustrated pattern. Specify size and configuration so the correct matching item can be quoted.
Size and configuration: confirm with enquiry.

VET-0684
Stainless Steel Stirrups

An equestrian accessory in the illustrated pattern. Specify size and configuration so the correct matching item can be quoted.
Size and configuration: confirm with enquiry.

VET-0716
Whips Crops & Bats

An equestrian accessory in the illustrated pattern. Specify size and configuration so the correct matching item can be quoted.
Size and configuration: confirm with enquiry.

FARRIER & HOOF CARE

Farrier & Hoof Care

23 selected listings | 1-4

VET-0726

Anvils

A working surface for farrier horseshoe shaping and fitting tasks. Request the required weight and working-face dimensions. Size and configuration: confirm with enquiry.

VET-0727

Anvils

A working surface for farrier horseshoe shaping and fitting tasks. Request the required weight and working-face dimensions. Size and configuration: confirm with enquiry.

VET-0735

Clinchers

A farrier hand tool for finishing horseshoe nail clinches. The illustrated jaw profile identifies the selected pattern. Size and configuration: confirm with enquiry.

VET-0736

Clinchers

A farrier hand tool for finishing horseshoe nail clinches. The illustrated jaw profile identifies the selected pattern. Size and configuration: confirm with enquiry.

FARRIER & HOOF CARE

Farrier & Hoof Care

23 selected listings | 5-8

VET-0751
Crease Nail Pullers

A farrier tool for removing individual horseshoe nails. Specify the required jaw pattern and overall length.
Size and configuration: confirm with enquiry.

VET-0752
Crease Nail Pullers

A farrier tool for removing individual horseshoe nails. Specify the required jaw pattern and overall length.
Size and configuration: confirm with enquiry.

VET-0768
Driving Hammers

A farrier hammer for horseshoe fitting and nail-driving work. Confirm the head weight and handle length.
Size and configuration: confirm with enquiry.

VET-0786
Farrier Hammer 33cm 12oz Head

A farrier hammer for horseshoe fitting and nail-driving work. Confirm the head weight and handle length.
Source-listed dimensions: 33cm, 12oz

FARRIER & HOOF CARE

Farrier & Hoof Care

23 selected listings | 9-12

VET-0902
Wooden-Handle Hoof Pick with Brush
A wooden-handle hoof pick combining a metal cleaning hook with a small brush. The two working elements support routine removal of loose debris from horse hooves.
Size and configuration: confirm with enquiry.

VET-0920
Hoof Nipper Curved Blade T.C Tip Modified
A hoof-trimming nipper for horse-care and farrier kits. Specify the required jaw profile and overall length.
Size and configuration: confirm with enquiry.

VET-0931
Hoof Pick-Vinyl Coated Handle
A hand tool for removing loose debris during horse hoof care. The illustrated handle and working end identify this pattern.
Size and configuration: confirm with enquiry.

VET-0933
Hoof Picks
A hand tool for removing loose debris during horse hoof care. The illustrated handle and working end identify this pattern.
Size and configuration: confirm with enquiry.

FARRIER & HOOF CARE

Farrier & Hoof Care

23 selected listings | 13-16

VET-0940

Hoof Rasp Carbon Steel Soft Edges

A farrier rasp for horse hoof shaping and finishing. Request the required length, profile and handle arrangement.
Size and configuration: confirm with enquiry.

VET-0943

Hoof Rasp Stainless Steel Curved

A farrier rasp for horse hoof shaping and finishing. Request the required length, profile and handle arrangement.
Size and configuration: confirm with enquiry.

VET-0954

Hoof Stands

A support stand for horse hoof-care work. Confirm height adjustment, support fittings and load specification before ordering.
Size and configuration: confirm with enquiry.

VET-0956

Hoof Test Pliers 30cm Quality

A hoof tester for professional equine examination. Confirm the jaw opening and handle pattern for the required instrument set.
Source-listed dimensions: 30cm

FARRIER & HOOF CARE

Farrier & Hoof Care

23 selected listings | 17-20

VET-0957
Hoof Test Pliers 33cm Standard

A hoof tester for professional equine examination. Confirm the jaw opening and handle pattern for the required instrument set. Source-listed dimensions: 33cm

VET-0967
Hoof Testers

A hoof tester for professional equine examination. Confirm the jaw opening and handle pattern for the required instrument set. Size and configuration: confirm with enquiry.

VET-0969
Hoof Testers

A hoof tester for professional equine examination. Confirm the jaw opening and handle pattern for the required instrument set. Size and configuration: confirm with enquiry.

VET-0996
Hoof Trimming Kits

A coordinated instrument set in the illustrated configuration. Confirm the included components and supplied case or holder with your enquiry. Size and configuration: confirm with enquiry.

FARRIER & HOOF CARE

Farrier & Hoof Care

23 selected listings | 21-23

VET-0997
Hoof Trimming Kits

A coordinated instrument set in the illustrated configuration. Confirm the included components and supplied case or holder with your enquiry.
Size and configuration: confirm with enquiry.

VET-1017
Hoof Trimming Knives

A curved hoof-care knife for horse trimming kits. Specify blade profile, handedness and handle configuration.
Size and configuration: confirm with enquiry.

VET-1097
Stainless Steel Hoof Scraper

A flat stainless steel hoof scraper with a shaped handle. Its broad working end makes this a distinct manual cleaning accessory within the horse hoof-care range.
Size and configuration: confirm with enquiry.

FISHING TOOLS

Fishing Tools

10 selected listings | 1-4

VET-1121
Fish Releasing Instrument

A fish-release tool for angling equipment. Specify the required length and working-end pattern.
Size and configuration: confirm with enquiry.

VET-1122
Fishing Forceps

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length.
Size and configuration: confirm with enquiry.

VET-1123
Fishing Forceps

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length.
Size and configuration: confirm with enquiry.

VET-1124
Fishing Needle Holder

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length.
Size and configuration: confirm with enquiry.

FISHING TOOLS

Fishing Tools

10 selected listings | 5-8

VET-1125
Fishing Needle Holder

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length. Size and configuration: confirm with enquiry.

VET-1129
Fishing Nipper

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length. Size and configuration: confirm with enquiry.

VET-1130
Fishing Nipper

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length. Size and configuration: confirm with enquiry.

VET-1149
Fishing Plier

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length. Size and configuration: confirm with enquiry.

FISHING TOOLS

Fishing Tools

10 selected listings | 9-10

VET-1150
Fishing Plier

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length.
Size and configuration: confirm with enquiry.

VET-1157
Fishing Scissors

A compact tool for fishing and tackle-handling kits. Choose the illustrated jaw or blade pattern and confirm the required length.
Size and configuration: confirm with enquiry.

OTHER ANIMAL CARE EQUIPMENT

Other Animal Care Equipment

7 selected listings | 1-4

VET-1221

Combs

A coat-care tool for grooming and removing loose hair. Specify the tooth arrangement and working width to match the coat and grooming task.

Size and configuration: confirm with enquiry.

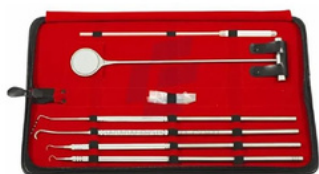

VET-1224

Combs

A coat-care tool for grooming and removing loose hair. Specify the tooth arrangement and working width to match the coat and grooming task.

Size and configuration: confirm with enquiry.

VET-1226

Equine Periodontal Instruments Set

A coordinated instrument set in the illustrated configuration. Confirm the included components and supplied case or holder with your enquiry.

Size and configuration: confirm with enquiry.

VET-1227

Equine Periodontal Instruments Set with Forceps

A coordinated instrument set in the illustrated configuration. Confirm the included components and supplied case or holder with your enquiry.

Size and configuration: confirm with enquiry.

OTHER ANIMAL CARE EQUIPMENT

Other Animal Care Equipment

7 selected listings | 5-7

VET-1228
Knee Brace for Larger Models

A support accessory listed for larger models. Confirm the compatible equipment model and fitting dimensions before ordering.
Size and configuration: confirm with enquiry.

VET-1229
Saw Handle

A hand-held grip for a compatible veterinary saw system. Confirm the attachment pattern and required blade or wire separately.
Size and configuration: confirm with enquiry.

VET-1230
Small Curved Knife

A curved hoof-care knife for horse trimming kits. Specify blade profile, handedness and handle configuration.
Size and configuration: confirm with enquiry.

PET GROOMING & COAT CARE

Pet Grooming & Coat Care

30 selected listings | 1-4

VET-1237
Black Blue Sheep Shears, 12"

A manual coat-trimming tool for animal grooming. The handle and blade configuration shown identifies the selected pattern. Size and configuration: confirm with enquiry.

VET-1243
Coat King

A coat-care tool for grooming and removing loose hair. Specify the tooth arrangement and working width to match the coat and grooming task. Size and configuration: confirm with enquiry.

VET-1245
Coat King

A coat-care tool for grooming and removing loose hair. Specify the tooth arrangement and working width to match the coat and grooming task. Size and configuration: confirm with enquiry.

VET-1247
Coat King

A coat-care tool for grooming and removing loose hair. Specify the tooth arrangement and working width to match the coat and grooming task. Size and configuration: confirm with enquiry.

PET GROOMING & COAT CARE

Pet Grooming & Coat Care
